Filing Report of Death

Introduction

Coast Guard Pay & Personnel Center's (PPC) Retiree and Annuitant Services (RAS) must be notified upon the death of a retired Coast Guard, NOAA or PHS member.

Prompt notification is necessary so payment may be made of any funds due the retiree's eligible survivors.

Other agencies to notify:

Retired pay due up to the date of a member's death is payable to the surviving person or person in the order of precedence provided on the Form. (Please see pages 21 and 22.)

(2) Any Veteran who was discharged under conditions other than dishonorable. With certain exceptions, service beginning after September 7, 1980, as an enlisted person, and service after October 16, 1981, as an officer, must be for a minimum of 24 continuous months or the full period for which the person was called to active duty (as in the case of a Reservist called to active duty for a limited duration).

<http://www.vba.va.gov/bln/dependents/Spouse.htm>

Nature of Benefit:

- DIC is a monthly benefit paid to a member's survivors when cause of death is attributable to an injury or disease incurred while on active duty. DIC is also paid to a member's survivors when death was not from a service-connected condition **if** the member had been rated **by the VA** as 100% disabled for 10 continuous years before death (or 5 continuous years since release from active duty).
- DIC can be paid to a surviving spouse, children, or parents. The DIC amount depends on the survivor's relationship to the deceased. DIC is a flat rate, established annually, to a surviving spouse. An additional amount is paid if there are dependent children being cared for by the surviving spouse, or if the member was rated by the VA as 100% disabled for at least 8 years preceding death.
- If the VA awards DIC to the surviving spouse and the spouse is also eligible for a Coast Guard SBP annuity, the spouse forfeits an amount equal to the DIC from his/her SBP annuity. The surviving spouse will receive a refund of SBP costs based on the difference between the SBP costs actually paid by the retiree, and the SBP costs that would have been incurred in order to provide the annuity payable after the DIC reduction. **The SBP cost refund is only given if the surviving spouse makes claim with the VA for DIC within 1 year after the retiree's death.**
- DIC is a tax-free benefit.

TRICARE**

TRICARE is the Department of Defense's worldwide health care program (covers hospitalization, medical and pharmacy) available to retirees, spouses, dependents and survivors. The U.S. Coast Guard, U.S. Public Health Service Commissioned Corps, and the National Oceanic and Atmospheric Administration participate in this program.

The retiree (sponsor) will have enrolled your family in one or more of the TRICARE programs. It is important to determine which programs you are enrolled in to ensure continuity of coverage. These choices may change depending on your location, age, status and eligibility for different program options. Use the chart below to determine your available options. Your options may change when you move or when you become entitled to Medicare. When a retiree or surviving spouse or dependent becomes entitled to Medicare Part A, TRICARE supplements Medicare, with TRICARE for Life (TFL) as the secondary coverage.

DEERS

The Defense Eligibility Enrollment Reporting System (DEERS) controls access to military health care for service members and their dependents. DEERS oversees the issue of service member and family member medical access cards. These are the same as the military identification (ID) cards issued to each retiree and dependents, including spouses. Coast Guard data is contained in the DEERS system.

Continued on next page

Federal Benefits, Continued

DEERS
(Continued)

DEERS maintains personnel and benefits information for:

- Active, retired, and reserve uniformed service personnel
- Eligible family members of active, retired, and reserve uniformed service personnel
- DoD civil service personnel
- DoD contractors requiring logical access

DEERS is also responsible for producing DoD ID Cards (RAPIDS and Common Access Cards). DEERS supports benefit delivery including medical, dental, educational, and life insurance. In addition, DEERS enables DoD e-business, including identity management, and reduces fraud and abuse of government benefits and supports force health protection and medical readiness.

ID Cards

DEERS issued ID cards are generally required to access health care and other military benefits. ID cards must be up to date to allow medical claims to process.

Military retirees' ID cards are issued without expiration date. However, the retiree should get a new ID card at age 65, or when enrolling in Medicare Part B. The card will be modified to indicate that civilian health coverage can be continued beyond age 65.

Military spouses and eligible family members must renew their ID cards every four years. Spouses that reach age 75 will be issued a permanent ID card. Spouses or other dependents that reach age 65 or otherwise become entitled to Medicare should get a new ID card.

Surviving spouses must get a new ID card soon after the death of their military sponsor.

Note that a current and valid ID card is essential to ensuring continuity of retiree survivor benefits, including health care.

RAPIDS

The Real-time Automated Personnel Identification System (RAPIDS) application provides on-line access to information in the DEERS database. Over 900 RAPIDS sites in 23 different countries use DEERS data to provide ID cards or related personnel support to eligible persons. RAPIDS can be accessed online at this site:

<http://www.dmdc.osd.mil/rsl/appj/site?execution=els1>. Information on where ID cards may be obtained or reissued can be found at this website or by contacting any military installation.

The site lists the name, address, contact information, distance from zip code and other dates regarding the issuance of military ID Cards at that location. The site also contains useful information concerning documentation required to obtain a military ID card, contact information and other helpful links.

Common Questions Asked After Death of a Retiree

Introduction

Listed below are some of the more common questions we receive from survivors after the death of a retiree. If you need more information or assistance please feel free to give us a call at this toll-free number:

 **1 800 772-8724**

Questions and answers

Q My spouse died on 20 September. Can I keep his retired paycheck dated 1 October?

A No, this check is for 30 days and your spouse lived only 20 days of the month. You need to return the 1 October payment to PPC (RAS). RAS will issue a special payment for 1-20 September to whomever your spouse designated to receive final retired pay.

Q Will the Coast Guard pay any money for the burial of a retiree?

A No. The Social Security Administration, Department of Veterans Affairs and life insurance policies pay certain burial benefits.

Q Why do I have to submit a claim for final retired pay due when PPC stopped my spouse's pay based upon a telephone report of death?

A A review of the claim and death certificate is conducted to ensure the correct amount of final retired pay is paid to the beneficiary. If a retiree dies around midnight, there may be a difference of one day's pay when compared to the telephone report of death.

A No, it is the responsibility of attendees to pay for their own transportation.
